## Group Favoring Nasser Takes Over in Syria

By WEBB MCKINLEY

BEIRUT, Lebanon (AP)—Pro-Nasser army officers launched a revolution in Syria today and claimed control of the country. But Turkish officials in Ankara received reports of violent street fighting in Damascus.

Western diplomats in Cairo had reports from Damascus that no resistance to the coup had developed in the capital by mid-morning and street demonstrations in support of the army were taking place.

The rebels broadcasting on Damascus Radio, pledged themselves to forge Arab unity "in the shortest possible time." They condemned Syria's withdrawal without saying they wanted to rejoin the U.A.R.

The U.S. Embassy in Cairo reported communications from Damascus indicated all Americans there were safe and were not affected by the coup.

Baghdad Radio said the Syrian rebels messaged Iraq that "we are in control" and "there is no need for any action on your part." The rebels said their situation was excellent.

The Turkish foreign ministry said top leaders of the Syrian government including Premier Khaled El Azem, had taken refuge in the Turkish Embassy in Damascus.

The pro-Nasser revolutionary regime in neighboring Iraq and Nasser's United Arab Republic quickly voiced all-out support for the Syrian revolutionists and warned against foreign intervention.

The warnings appeared directed at Israel and pro-Western Jordan. The Israeli army, facing the largest concentration of Syria's army on Israel's northeast frontier, was reported on the alert. But no special emergency measures were announced in Jerusalem.

Reports to Cairo said the rebels held the army headquarters in Damascus and were believed to have arrested the armed forces commander, gen. Abdel Karim Zahraddin.

## Will Get Hong Kong, China Vows

TOKYO (AP)—Red China said today it will not use force to take the colonies of Hong Kong and Macao but will get them by peaceful negotiations when "conditions are ripe." It rapped Soviet Premier Khrushchev for raising the issues.

The Peking People's Daily said Red China still is determined to "liberate" Formosa, but is banking on the U. S.-Chinese ambassadorial talks in Warsaw, Poland, of effect withdrawal of U.S. troops from the Nationalist-held island.

## Flood Waters Recede in Critical Areas

By THE ASSOCIATED PRESS.

surging waters receded in most rivers and streams in the nation's flood belt from Indiana into the Southeast today and the danger of new major flooding appeared ended temporarily.

But there were some critical spots in the flood zones and ice jamming remained a serious threat in some areas.

No heavy rainfall was reported in the more than a dozen states which have been hit by the season's first serious flooding. However, there were patches of light rain and snow flurries in some parts of the Ohio River Valley, the hardest hit by the late winter overflows.

Minor flooding was reported in some other Eastern and Southern states but the heaviest damage was in Ohio, Pennsylvania, West Virginia and Indiana. The floods, caused by heavy rains and melting snow, were blamed for at least 18 deaths. Property damage was estimated in the millions of dollars.

The nation's general weather pattern showed few changes. No heavy rain or snow was reported and temperatures were mostly near normal levels. Cool spots were across Northern areas from the Plains to Maine. It was a little cooler in the Southeast, with temperatures dropping to the upper 30s in extreme northern Florida and much of Dixie north of Florida.

Although flood conditions in most of Ohio appeared improved, there were some trouble spots. A mile-long ice jam broke in the Sandusky River in Fremont Thursday night, pushing the stream up to three feet above the 12-foot flood stage.

Huge ice floes 50 feet high were stacked at the north and south ends of Fremont. The river cuts through the city. Mayor Richard Maier declared a state of emergency for the northwest Ohio city of 18,000.

In Pennsylvania, an ice jam formed on the Susquehanna River in the Harrisburg area and residents in lowland areas north of the city were evacuated. Harrisburg, however, appeared in no immediate danger.

Flood warnings were issued for areas in central South Carolina. The Broad River crested at 12 feet and the Congaree River rose rapidly to crest at 22 feet, 3 feet above flood stage.

Five counties in West Virginia, hit hard by overflows from the Ohio River and its tributaries earlier this week have been designated as disaster areas by the Small Business Administration in Washington. The counties are Brooke, Hancock, Marshall, Ohio and Wetzel, which will be eligible for federal loans for repairs to property caused by the damaging floods.

Norwich, Conn., also was declared a disaster area in the wake of damaging flood waters which swept into the city of 40,000 Wednesday night after a dam, weakened by heavy rains, broke. The tons of water set off a boiler explosion in a manufacturing plant, killing five persons. One woman drowned in the flood waters and six persons were hospitalized. Damage was estimated at between \$2 million and \$3 million.

## No Comment From Leflar

NEW YORK (AP)—Professor Robert Leflar, dean of law at the University of Arkansas at the time George Haley, a Negro entered the division in 1949, said Thursday he had no comment on an article in the March issue of Readers Digest on purported difficulties of the student.

Leflar is now a professor at New York University, on leave of absence from the University of Arkansas.

The article, written by Alex Haley, a brother of the student, relates problems Haley said he encountered as one of the first Negroes to attend the university.

DAM BURSTS — Heavy rains in Norwich, Conn., burst an earthen dam and water up to 12 feet deep poured over four square miles of the city. At least six persons were killed, and many injured. Here, rescue workers carry a survivor out of the collapsed section of the Turner Stanton Twins Mill which gave way when hit by the surging waters and chunks of ice.

## 1.9 Million by 1970 Is Forecast

FAYETTEVILLE, Ark. (AP)—University of Arkansas researchers said today Arkansas is slowly but surely moving toward a population of 1.9 million by 1970.

Arkansas showed a net gain of 37,000 residents between April 1960 and June 1962, the Bureau of Business and Economic Research of the university said in a report.

This was despite an estimated net loss of 30,070 persons as a result of out-migration to other states during that time.

The bureau reported a natural increase of 56,080 population, plus an increase of 11,000 military personnel at Ft. Chaffee and in other areas.

"If this trend continues," the report said, "the 1960-1970 gain in population will be about 130,000, and Arkansas' total in 1970 will be well over 1.9 million."

"If the outward movement of people to other areas can be slowed by means of further industrial and related economic development the state's population growth will exceed the present rate," the report said.

The report said the two-year net gain was 2.1 per cent. The estimated population on July 1, 1962 was 1,823,330, compared with the 1960 census figure of 1,786,270.

## Hope Man Is Injured in Auto Wreck

Camden — A truck and car wreck at 2:30 a.m. Thursday resulted in serious injury to two persons, and heavy property damage, according to State Trooper Johnny Strickland.

Mrs. Anna Morgan of Stephens was said to have suffered a fractured leg and a head injury. Doyle Reeves of Hope, driver of the car in which Mrs. Morgan was a passenger, sustained a back injury. Both were taken to the Ouachita County Hospital by ambulance.

The wreck occurred 15 miles south of Camden on Highway 79. Reeves was driving a 1958 DeSoto and the truck was driven by C. R. Buckner, 31 of Lanesville, Tex. Buckner was not injured.

## Interference of Ghana Cited

UNITED NATIONS, N.Y. (AP)—The Congo government has accused Ghana of "flagrant interference" in seeking a Security Council investigation into the two-year-old murder of former Congolese Premier Patrice Lumumba.

The United States, France and Britain are said to feel that a Congo debate would give the Soviet Union a forum to press again for withdrawal of the U.N. Command from the Congo.

## Thieves Seize \$25,000 in Furs

MEMPHIS (AP)—Furs valued at \$25,000 were looted from a shop here Thursday night by thieves described by police as "highly professional."

Special duty policeman J. A. Yancey, who discovered the theft, said the burglars apparently broke in the front door of the shop and carried their loot out the back. Locks had been chiseled off both doors.

The shop owner, Mrs. Laclede Sturdivant, said the missing furs included a dozen fox and mink stoles, capes and jackets and one full length mink coat worth about \$8,950. She said the loss was insured.

## Juniors to Stage Play Tonight

Starlight, starbright, see "Stardust" tonight, March 8 at 8 p.m. The Hope High Junior Class play "Stardust," deals with a group of students who are enrolled in an academy of dramatic arts. At the school the students are preparing to give the play "Cleopatra," assisted by a famous artist who will be the guest. They are a group of very dedicated and over-achievers.

"Stardust" is a gay and thoroughly enjoyable entertainment—a bright spot when a bright spot is welcome.

The following will be ushers for the play: Carolyn Beck, Linda Arrington, Betty Vickers, Sharon Douglas, Judy Thornton, Paula McIver, Javonna Goad, Judy Allen, Linda Allen, Sue Herman, Linda Cook, and Carla Reeves.

## Named to Police Commission

LITTLE ROCK (AP)—Joe Steele of Springdale was named by Gov. Orval E. Faubus today to a seven-year term on the State Police Commission.

He succeeds Eddie Anderson of Ozark, whose term expired. Steele resigned recently from the Arkansas Industrial Development Commission.

## Baptists to Air Leading Crimes

FORT WORTH, Tex. (AP)—Key Baptist leaders from throughout the state will meet here March 11-12 for a depth study on the problems of gambling, sex morality, alcoholism and crime.

About 300 to 500 are expected to attend the seventh annual Christian Life Workshop on the campus of Southwestern Baptist Theological Seminary here.

Speakers include Dr. Ralph Phelps, president of Ouachita Baptist College at Arkadelphia, Ark.

## Rusk Thinks Red Troops Leaving Cuba

WASHINGTON (AP)—Secretary of State Dean Rusk said today the movement of Soviet troops out of Cuba is under way, and the Russians have shipping in position to withdraw several thousand men within the next week.

Rusk also told a news conference that the United States is "turning an important corner" in the long and costly fight against the communist struggle to seize power in South Viet Nam.

He said the U.S.-supported South Viet Nam forces now "clearly have the initiative."

On a third major point of foreign policy, Rusk asserted bluntly that any nuclear test-ban agreement which may become possible with the Soviet Union will require the United States to take some risk.

## Worker Killed in Water Tank

MEMPHIS (AP)—A worker cleaning the inside of a water tank was killed Thursday night when he plunged 110 feet down a narrow pipe at the center of the tank.

Leslie Dale Ingle, 49, was said to be cleaning the inside of the high tank when he fell down the three-foot wide pipe. His body was removed by firemen who cut a hole in the pipe at ground level.

## All Around Town

By The Star Staff

Some more shoplifters hit the city yesterday and one, listed as Horace Perry Bailey, white, 52, of Hot Springs was arrested for taking four cufflinks, valued at less than \$3 from a local store.

He posted bond of \$31.50 and a woman and her two children were spotted taking items in a local grocery store but became suspicious that police had been summoned and replaced them as officers arrived.

Some 80 seniors from Henderson will leave this weekend for various schools to begin their practice teaching... those coming to the Hope system include Rita Rinehard, business education, to train under Mrs. Mary Nell Turner.

Ida Boyd, Mrs. Estelle Spearman and Emma Lou Jameson and Billie Sue Simpson will train in Home Economics under Mrs. Ruth Haneagan.

Boney Chaney, physical education, under Mrs. Glenn Ballard... James Haynie, physical education, under John Pierce.

The Boy Scouts District Camporee, scheduled for March 15 and 16 at Narrows Lake, has been postponed until March 29 and 30 according to Jerry O'Neal, Scoutmaster.

Troop 62 will meet Tuesday, March 19 at Fair Park due to the revival being conducted at the Methodist Church.

## Arkansas Has Sunny Skies

By THE ASSOCIATED PRESS

Arkansas, along with the rest of the nation, enjoyed continued sunny and mild weather today as a result of relatively weak pressure systems.

The pleasant weather should continue for the next few days with showers working their way into the southern part of the state over the weekend or early next week, the Weather Bureau said.

Temperatures were expected to continue to average three to six degrees below normal. Normal highs are the mid 50s in the north to the mid 60s in the south.

This morning's lows were in the 30s for most of the state but Fayetteville had a low of 26 and Harrison a low of 29. At Texarkana the low was 46 considerably higher than the 36 at El Dorado which was the second highest reporting station.

Temperatures should warm noticeably in the state today with few clouds drifting in tonight in the southern portion.

## Wants Unity on Arkansas River Work

TULSA, Okla. (AP)—The president of the Arkansas Basin Development Association called today for a "united effort" to get \$800 million to complete the Arkansas River navigation project in seven years.

"This is a big order," Verser Hicke of Tulsa said his annual report as the association began its yearly meeting here, "and one which can only be accomplished by a united effort on the part of our delegations in Congress and of citizens at home."

He said construction that lies ahead to complete the Arkansas-Verdigris waterway "is just double the amount that has already been done." The \$1.2 billion scheduled to bring navigation to the Tulsa area by 1970, is under construction in Arkansas and Oklahoma. It will take another \$800 million in appropriations to complete it.

Absent from this meeting is one of the river project's biggest boosters, Sen. Robert S. Kerr, who died Jan. 1. Hicke said that the navigation project, Kerr's dream, "is closer to reality today than it ever was in his lifetime."

He noted progress on four big reservoirs which are part of the program.

Arkansas Sen. John McClellan, who has taken Kerr's place as the chief congressional booster of the river work, will speak tonight at the association's annual banquet.

In an interview today, McClellan said he believed the federal government was "irrevocably committed" to completion of the Arkansas River project, but he said that completion of the work is only the first step in the river valley's development.

The second step, he said, will be to acquaint industries with the advantages of locating plants in the Arkansas basin to utilize its resources and facilities.

A panel on planning for port developments, featuring members from Tulsa and Fort Smith, Pine Bluff and Little Rock, is scheduled Saturday.

## Bill to Increase Driver's License Fee Dies in House

By JOHN R. STARR

LITTLE ROCK (AP)—A bill to increase the drivers' license fee from \$2 to \$3 a year died in the Arkansas Legislature today after the House indicated overwhelming opposition to it.

William J. Smith, legislative director to Gov. Orval E. Faubus, said the governor and Sen. J. Lee Bearden of Leachville author of the bill, had agreed to recall it to the Senate and there let it die.

The House voted overwhelmingly today to delay legislative progress of the bill.

This brought an automatic motion to suspend the rules, but the vote was 54 to 15 against suspension.

The license tax bill has been in the House since Wednesday but it was not ready for the first time until today because a quorum failed to vote on objections to other bills and the House automatically adjourned with this bill still in the clerk's hands Wednesday and Thursday.

Speaker Marion Crank had bills read early today because the per-emptory adjournment on the last two days has blocked introduction of a large number of bills, including about 20 appropriations measure to implement the administration's construction program.

Gov. Orval E. Faubus said in a news conference earlier in the day that he would decide over the weekend whether to throw the full weight of the administration behind the bill, but he apparently yielded to the entrenched opposition, met with Bearden and the agreement to recall the bill was reached.

Bearden tried to get back to the Senate to move to recall the bill today but the Senate had adjourned when he arrived. He said he would make the recall motion Monday.

The tax bill was one of the measures caught in a giant legislative logjam that developed this week.

Also threatened by the logjam is administration legislation to force insurance companies to invest in Arkansas. A punitive bill was read a second time in the House Thursday and it could come to a vote today if supporters feel

## Crain's Kin Named to Highway Post

LITTLE ROCK (AP)—Gov. Orval E. Faubus said today he would appoint Billy Joe Denton of Wilson to the Highway Commission if Denton will take the job.

Denton, a plantation operator, is a brother-in-law to the man he would replace, John Crain. Crain died Tuesday night in Hot Springs of a heart attack.

The term Denton will take expires in January 1955. This position was Faubus' original appointment to the highway commission, made in 1955 when he named Jim Crain, father of John Crain.

Faubus said the shortness of the unexpired term was the prime consideration in naming a man from the same community. He could have chosen the new commissioner from either the first or fifth districts.

Faubus said Denton had indicated he would accept the appointment.

"There is no question of his ability or acceptability to the business people or the folks in that area."

## Germans Send Mission to Poles

WARSAW, Poland (AP)—The West German government will open its first permanent mission in Poland under a new trade agreement with the Polish government.

Because West Germany has diplomatic relations with no members of the Soviet bloc except the Soviet Union, the agreement to open the office is viewed as a key development in West Germany's relations with Communist Eastern Europe.

Under the three-year trade pact, Germany will import mostly meat and other foods and export mainly by iron, steel and nonferrous metals.

## New York's Paper Strike Is Settled

NEW YORK (AP)—Representatives of publishers and striking printers agreed today on a new contract, clearing the way for an end to New York's 91-day-old newspaper shutdown.

Key provisions of the pact are an increase in wages over a two-year period, plus a reduction in hours the second year, for a total package of \$12.63.

Cost of the strike within the industry has been estimated in excess of \$100 million.

There was no indication how soon eight closed newspapers, which before the strike printed 5 1/2 million copies a day, might resume publication.

The agreement is subject to union ratification, but Mayor Robert F. Wagner said he assumed it would be ratified in view of its unanimous endorsement by local and international officers of the International Typographical Union, AFL-CIO, and by the publishers. Wagner made the announcement at 6:30 a.m. He had proposed the settlement shortly after midnight.

"This means that the shutdown involving the printers will end as soon as the union completes negotiations of certain so-called clean-up issues and ratifies the agreement," said Wagner.

"In addition," he said, "negotiations involving other unions, two of whom are still on strike, will likewise have to be completed."

Still on strike are unions representing stereotypers and mailers.

The shutdown deprived New Yorkers of all nine of their major dailies for a record 87 days. The New York Post broke the solid front of the Publishers Association of New York and resumed publication Monday.

As outlined by Wagner, the third-party agreement he worked out—as accepted by negotiators for both sides—provides for a wage rise of \$6.51 the first year of the contract and \$6.12 the second.

Also included, Wagner said, are various terms to offset the effects of automation—called a prime issue in the dispute by the president of ITU Local 6, Bertram A. Powers. Asked for details, the mayor said it was complicated and he would rather not discuss it.

## Wouldn't Change Storage Plan

WASHINGTON (AP)—Rep. E. C. Gathings, D-Ark., speaking for the Arkansas Congressional delegation, asked the Agriculture Department Thursday to leave its cotton storage policy unchanged.

Reps. Wilbur D. Mills, Oren Harris and J. W. Trimble were present when the request was made. Sens. J. William Fulbright and John L. McClellan were represented by aides.

Harvey Adams and Robert Pugh of the Agriculture Council of Arkansas also attended.

Whether cotton will be moved from interior warehouses portward when the government can obtain cheaper storage rates, or whether it will be moved only to make room for new cotton is at stake.

Gathings said the present system of maintaining storage close to home allowing farmers to quickly obtain negotiable receipts, "has worked well for 25 years."

Gathings said Arkansans were unanimous in not wanting a change. He said he had heard from 450 constituents and a Fulbright aide said the senator had heard from 1,000 on the matter.

Almost any new car can stop on a dime, but it takes a stack of jack to fix up the rear end.

Monday  
8:30 p.m. Missionary Society.

## Bill To Increase

Continued From Page One

they have enough strength. But again any effective delay would shove the bill over into the last week of the session when things are likely to get hectic. There is plenty of work left to do. More than a score of bills to implement Gov. Orval E. Faubus' \$6 million construction program were introduced in one house or the other Thursday. Action on these will take most of a legislative day in either house. First reading of the license tax bill was blocked accidentally Wednesday by objections to second reading of the punitive insurance bill.

Such an objection is an automatic motion to suspend the rules and read the bill a second time. It was raised Wednesday near the end of the day when many members have left. A quorum failed to vote on the motion and the House was automatically adjourned.

The same thing happened Thursday. Garland County Rep. Nathan Schoenfeld objected to second reading of a bill to permit city councils to regulate pinball machines. A quorum failed to vote.

But Bradley County Rep. Bill Wells and others were ready to block first reading of the license bill by objecting to some other bill, even if Schoenfeld hadn't had the honest objection.

Several House members said a poll revealed that the license bill hasn't a chance of passage anyhow.

The parliamentary byplay lived a long, routine day for the House which worked seven hours, mainly on non-controversial and appropriations bills.

The Senate spent most of its session on appropriations measures. It also held a memorial service for deceased former members.

Old Guard House members got behind educational television Thursday and rounded up enough votes to secure 57-24 passage of a bill to appropriate \$120,500 for operation of an educational TV station during the next two years.

It also took two steps toward providing construction funds for such a station. It approved a Senate bill allocating \$250,000 in federal funds, if any become available, to the purpose, and a bill to appropriate \$150,000 in state funds for a station was introduced with administration backing.

The Joint Budget Committee dropped a new Arkansas Industrial Development Commission budget bill into the House hopper Thursday, raising the agency's appropriation by \$32,450 to \$542,950 a year and leaving out a provision which gave Faubus authority to hire and fire AIDC employees.

Faubus asked for the larger budget and for elimination of the restriction which the Joint Budget Committee tacked on the bill earlier on motions by Perry County Rep. Paul Van Dalsen.

An apparent House-Senate impasse developed over how much county welfare case workers should be paid. The original Welfare Department budget bill called for salaries of \$3,700 a year. The House amended this to \$4,000. The Senate amended it right back to \$3,700. The House refused to concur in the Senate amendment and the Senate refused to recede from it. The difference will be worked out by a conference committee.

The House passed and sent to the Senate a bill to give the History Commission \$20,000 to pay for writing and publishing an Arkansas history textbook. The vote was 59-19.

Ouachita County Rep. David Pryor came within one vote of getting his controversial bill to require that the highway director be an engineer brought up for a vote.

The Roads and Highways Committee put a "do not pass" recommendation on the bill and Speaker Marion Crank ruled that he would not bring up any bill with such a recommendation unless the author got a two-thirds vote to suspend the rules of the House.

Pryor asked for a rules suspension and the vote was 47-24. One more "aye" vote would have put the bill before the House.

Another Pryor bill to do the same job—introduced in case he can't get the original bill up—was read a second time Thursday and placed on the calendar.

Pryor said he plans to make every effort to get a vote on one of the bills. The logjam may stop him.

The Senate passed bills Thursday to:

Permit counties to build and operate airports.

Appropriate \$25,000 to rededicate the governor's office.

Increase the minimum pension payment for volunteer firemen from \$25 to \$30 a month.

The House passed bills to:

Permit Little Rock and Hot Springs city governments to create historical districts and protect historical landmarks within them.

Create a Capitol Grounds Commission to supervise new construction and parking at the capitol.

Require that 60 per cent of any new school operating revenue raised locally go to teachers.

The House defeated one administration bill Thursday. It would have set a penalty for failure to obtain a new automobile title within 10 days after a car changes hands. The vote was 46-29 against the bill.

Pulaski County Rep. Jim Brandon introduced a bill to create a new World's Fair Commission and allocate \$250,000 in state funds for Arkansas participation in the 1964-65 Worlds Fair in New York if the commission can raise \$500,000 through donations.

**Tuesday, March 12**  
The Irish Garden Club will meet Tuesday at 2:30 p.m. in the home of Mrs. Joe Jones. The program to be brought by Mrs. Bettie Duncan will be "The Flower Arranger Sells Her Table." The flower arranging subject will be "Spring Sunshine in Tints and Tones of Yellow."

**Celebrates Birthday**  
There was a birthday party Monday afternoon, March 4 at Hope Nursing Home celebrating Warren E. Regan's 95th year. Born in Louisiana near Monroe, he moved with his parents to Camden late in 1871. From there they went overland to the home of an Uncle in the Old Harmony Community in Nevada County. They settled on a farm between Emmet and Prescott. Warren is the last of a large family.

**Golden Age Club Meets**  
The Golden Age Club met on Thursday, March 7 with a nice meeting. Plans were made for a covered dish luncheon on March 21. All members come and bring a covered dish. After the meeting closed, coffee, hot chocolate and cookies were served. Games were played and enjoyed by all.

**Prescott District Nurses Meet**  
The Prescott District Registered Nurses had a meeting Tuesday March 5 at the Hempstead County Memorial Hospital. Vice president Miss Fay Loomis presided over the business meeting. For the program, a film was shown depicting a symposium on Enovid, the hormone used in a new family planning program.

During the refreshment hour, cherry pie and coffee were served to the members and one guest, Mrs. Jerry Thurman.

**Retired Teachers Honored**  
At the observance of the 13th birthday of the Alpha Delta Chapter, Delta Kappa Gamma, on March 5 in the home of Mrs. Margaret Medders, 15 retired teachers were honored. They were Mrs. McRae Andrews, Mrs. Alta Breed, Miss Mable Elbridge, Mrs. George Green, Miss Mamie Bell Holt, Mrs. Florence Hyatt, Mrs. Mamie Jackson, Mrs. Crit Stuart, Mrs. Hattie Taylor, Mrs. Frank Ward, Mrs. Grady Williams, Mrs. Theo Witt, Mrs. Norma Cochea, and Mrs. Verda Marsh. Assisting Mrs. Medders in the duties of hostess were Mrs. Mamie Jackson, Mrs. Muriel June McLarty, and Mrs. Norma Cochea. Mrs. Jackson greeted the guests at the door, and Mrs. Alta Breed pinned a corsage on each one.

Chapter President Mrs. Marie Holt led in the repetition of the Collect in unison. Mrs. Mary Nell Turner led in singing "There's Delta Kappa Gamma in Our Hearts" and "Delta Kappa Gamma Key," accompanied at the

piano by Mrs. Florence Hyatt. The history of the Alpha Delta Chapter was presented by Mrs. Edith Brown in the absence of Mrs. Ruth Hanegan. Mrs. Louise Fuller reviewed the activities and accomplishments of the chapter. The scrapbook which the chapter has compiled over the years was displayed by the present scrapbook chairman, Miss Mary Margaret Haynes.

The organization colors, red and gold, were carried out in decorations. The serving table, overlaid with a white cutwork cloth, was centered with a birthday cake trimmed with red roses and 13 red candles. Table appointments used were milk glass. Mrs. Norma Cochea served cake squares and Mrs. Mamie Jackson served iced punch to 26.

**Rebecca Sunday School Class**  
The Rebecca Sunday School Class met in the home of Mrs. Minnie West. The meeting was called to order by the president, Mrs. A. C. Kirby. Every one sang the club song, "The More We Get Together." The devotionals were given by the hostess. The Lord's Prayer was repeated by all. Roll call was answered by giving a verse from the Bible with the word "faith" in it. After the business meeting, games were played and the prizes were won by Mrs. A. C. Kirby, Mrs. James Willis, Mrs. M. S. Willis and Mrs. Hildred May. Every one was happy to have Mrs. Dallas Breshler back who drew the door prize. The seven members and one new visitor, Mrs. May, and two little visitors, Treisa May and Randy Willis ate cake, ice cream and cold drinks. The next meeting will be in the home of Mrs. Hildred May the first Monday in May.

**Centerville 4-H Club**  
The Centerville 4-H Club was organized in March 1961. The first monthly meeting was held April 13 with 16 charter members present. Also during the month of April the club sponsored a benefit program to raise money for the 4-H treasure. The results of this program were excellent.

In June 1961, five members enjoyed the trip to County 4-H Camp held at Camp Clearfork. This was an unforgettable experience.

Last year the Centerville Club was represented on County Fun Night by a skit given by Nancy Langston, Linda Langston, Carolyn Beck, Perry Smith and Jesse Royce Jones.

On County Activity Day the club had one member to enter the dress review, 3 members to enter the talent and several in the Cooking Contest. On State Activity Day Carolyn Beck entered the Citizenship Speaking contest.

Other club projects include, raising money for our recreational activities for the summer and an achievement program at the end of the year.

## Births

Mr. and Mrs. Billy Frank Simpkins of Russellville are the parents of a baby girl born February 24. She is their first child. She weighed 4 lbs, 9 ozs. and has

## DOROTHY DIX

TWO SIDES OF THE COIN BY HELEN WORDEN ERSKINE

Dear Helen: That letter from "A Wife Who Knows" had me all stirred up, especially when she told how her husband would have a merry-go-round with other women then ease his conscience by showering her with expensive gifts.

You said she only gave one side of the coin. Well, here's my story with the two sides of the coin. My husband fancies himself a Romeo. I knew this when we married. I got warnings from friends and family who finally, in despair, disowned me.

He was married but all he had to do was crook his little finger and I'd come running. After our marriage he started playing around with a 16-year-old girl. Last summer there was a pretty 14-year-old kid very mature for her age, who told me what was happening. When I confronted my husband with the truth in front of her, he denied it. He knows I will never hurt him or want another man and therein, I suppose I am weak.

Otherwise ours is a happy home filled with love. We have five children so I don't get out much of anywhere except to pay the bills and howl every Thursday night. But all the while this big heartache is inside me. Following these trolls on the primrose path, he'll give me anything I want, even if we can't afford it. I don't want the gifts, I want his loyalty for believe me, when you love someone as I live him, it's hard to forget.

Do you suppose he will ever realize that in hurting me, he hurts our marriage? He professes a deep love but if this is so, how can he be Romeoing? —Daily Bender.

Dear Daily: Show me the men who, doesn't consider himself a Romeo! If yours weren't the charme he s, you wouldn't have defied your parents to marry him. You chose with your eyes open so make the best of your lot.

His extramarital activities cause heartache and concern. But nagging or fearful reproaches will only lead to a separation or divorce. If that's what you want, see your lawyer.

A far more sensible course will be to use your wiles as a woman in re-routing his wandering ways. Make him the hub around which the family wheel revolves. Either train the older ones to look after

## Amendment Will Go to the Voters

**LITTLE ROCK (AP)**—The House Constitutional Amendments Committee agreed with the Senate committee today that the administration's proposed city-county tax constitutional amendment should be submitted to voters in the 1964 general election.

But four other amendments tentatively approved by the House committee were not among the three approved by the Senate group Wednesday.

The legislators can submit three amendments to a vote. The House committee approved five today and the Senate three Wednesday for a total of seven different proposals. A joint committee probably will cut the list to three.

Other amendments approved by the House committee would permit establishment of a county council form of government, raise salary limits for elected state officials, provide for light prison sentences not subject to commutation and permit creation of industrial development districts.

Besides the tax amendment, the Senate Committee approved proposals to give elderly persons a

While I go to get my coat he walks into the living room, greets my parents and never removes his hat. When we go to a restaurant, he wears his hat until he hangs it up. Mother says he should snatch it off the minute we enter the door. Is my mother being picayunish? —Baffled.

Dear Baffled: Your mother may subconsciously be trying to run the poor boy off the premises and, in the process, makes him so nervous he forgets everything, including his hat. Try the simple alternative of taking the hat from him when he arrives and hanging on to it until you and he leave.

Have you a problem? Perhaps Helen Worden Erskine can help you. Write her in care of this newspaper, enclosing a stamped, self-addressed envelope.

## Resolution to Enforce Laws

**LITTLE ROCK (AP)**—The Arkansas House, which stirred itself into an oratorical frenzy over an anti-gambling bill two weeks ago, finally adopted today a resolution calling on "all officials" to enforce gambling laws.

The resolution by St. Francis County Rep. O. P. Hammons was adopted unanimously on a voice vote without debate.

Apparently the House felt that the resolution, which is not binding in anyway, would have little effect on the controversial gambling situation.

The House involved itself in nearly two weeks of bitter argument before killing an anti-gambling bill two weeks ago.

The Hammons resolution simply states that unlawful gambling is being conducted openly in certain localities and that the general assembly believes the people want all laws enforced.

homestead exemption from the property tax and co separate the judicial and administrative functions of county judges.

## LUXURY CAR: RIDES, RESPONDS AND LOOKS LIKE IT OUGHT TO COST A RANSOM

You're looking at our Impala Super Sport Convertible which, along with its cousin the Sport Coupe, absolutely embarrasses higher priced cars.

That special trim and those front bucket seats merely hint at the comforts you find built into every Impala Super Sport.

Performance? It's remarkable, an understatement we can afford when there are 7 engines to choose from. One of which is the popular 340-hp Turbo-Fire 409\*, a wizard in traffic and a joy on the open road. And others all the way up to 425 hp\*.

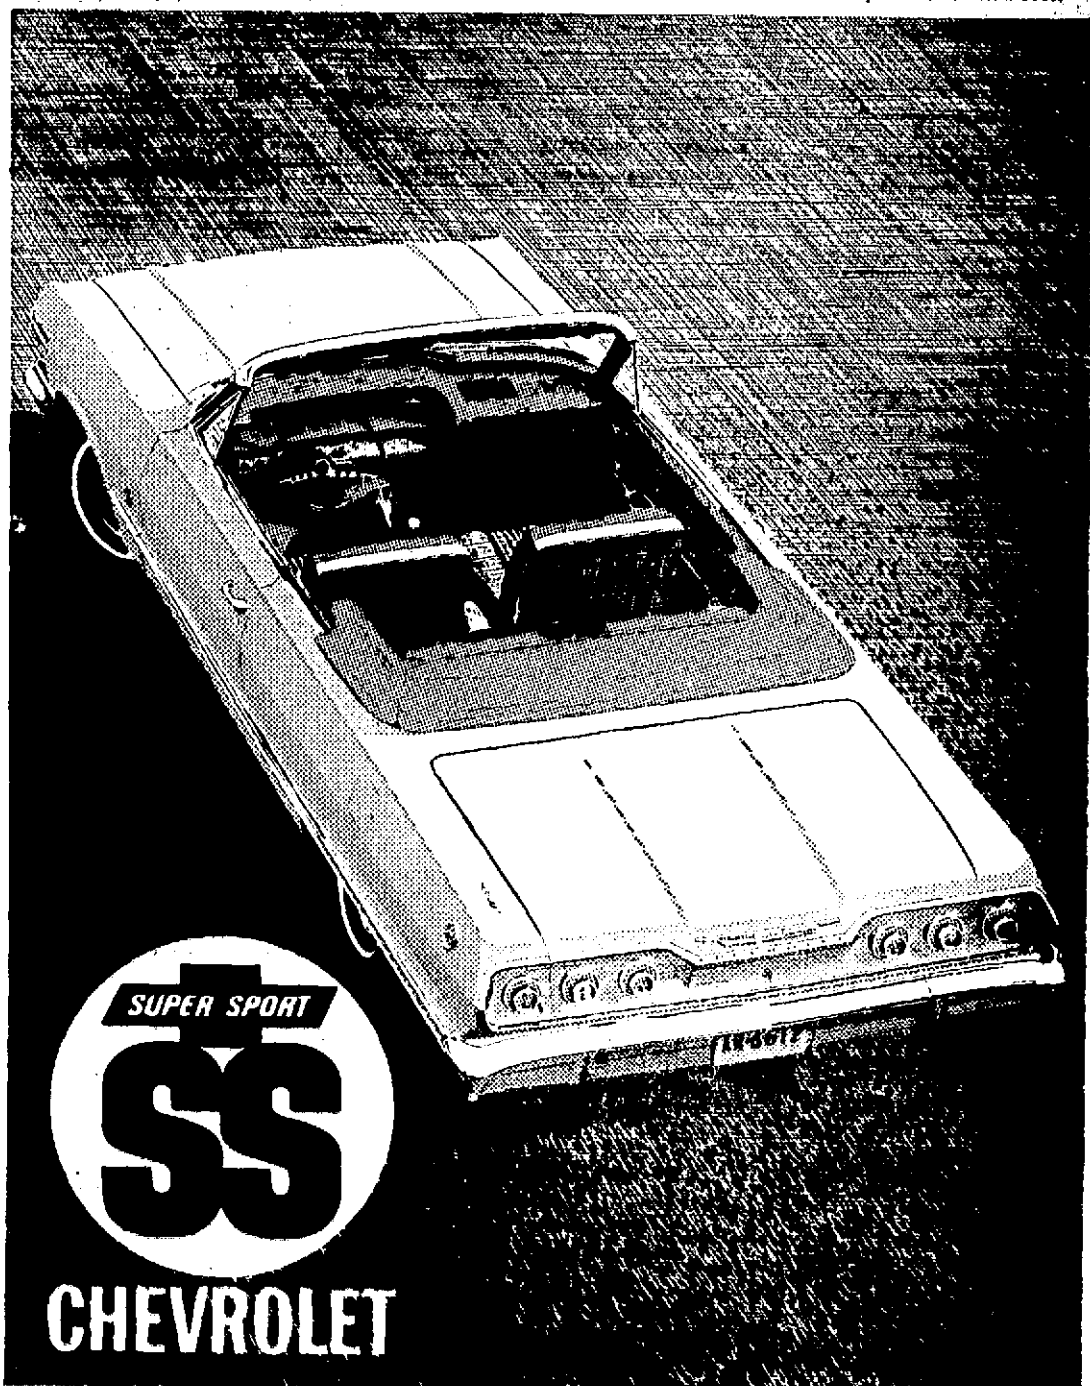

If you want an extra flourish or two, mul over extra-cost options like floor-shift four-

speed manual or Powerglide transmission, Positraction, fade-resistant sintered-metallic brake linings, and a tachometer to relay what's cooking up front.

Just before you rush off to your Chevrolet dealer, may we remind you that both Impala Super Sports offer the new Comfortilt steering wheel\*. You adjust it to suit your driving style, flick it out of the way, for easy entry and exit.

All three Chevrolet series—Biscayne, Bel Air and Impala—deserve a long look. Super Sports demand it.

Super Sport equipment\* available on both Impala Convertible and Sport Coupe. \*Optional at extra cost.

Obituary  
Mrs. Mary E. Samuels died at her home in Washington March 5. Funeral service will be held Sunday, March 10, at 2 p.m. at St. Paul CME Church in Washington. Burial in Washington Cemetery. Hicks Funeral Home in charge.

## Older You Get the Less You Can Hear

By ROBERT GOLDENSTEIN  
AP Science Writer

CHICAGO (AP)—Mr. Average Male, just past his 32nd birthday, sits down at the breakfast table with his wife as usual. She casually asks if he would like sliced bananas on his cereal. He continues reading his newspaper in silence.

"What's the matter with you?" she cries in exasperation. "Why don't you answer me?" "Well, why don't you speak up?" he retorts, not aware yet that people, especially females with high-pitched voices, will have to talk a little louder from now on for him to hear the mass well.

And, studies by a St. Louis psychologist indicate, the average male will lose more of his hearing at about age 50 and suffer a third drop in hearing acuity when he reaches the 59-65 age bracket.

Dr. John F. Corso, Ph. D. drew his conclusions on hearing loss with advancing age from a study of 912 men and women who had been exposed to a minimum of industrial noise and were presumed to have normal hearing.

Writing in the current Archives of Environmental Health, pub-

## Dr. Anders' Dilemma

By Henry and Sylvia Lieferant

Copyright © 1958 by Henry Lieferant

THE STORY. Nancy and David are quietly married. They take a honeymoon ride on a Fifth Avenue bus.

CHAPTER XVII  
The bus was turning into the confusion of Fifty-seventh Street at 5:15. All seats were occupied now.

Suddenly David rang the stop signal, pulled Nancy down the aisle and the steps, lifted her down from the bus.

"Our cafe and bar!" he cried. The waiter in the orange and blue cafe called her "Madam," and the world fell strangely into the vicarious excitement of furnishing a nonexistent home. It drew her back to reality.

"How did he know?" she said apprehensively. "The ring, Nancy. Waiters are observant."

They borrowed laughter from every small sight: from a woman sitting at the bar with her legs clumsily wrapped around a stool, from the sudden spring rainstorm which crashed over the city.

They were still joyous, hilarious almost, when they left the subway in Riverside. A taxi driver, at David's request, for a "good place to eat," drove them to one 15 minutes away. The sign said "Come to Copenhagen to eat - Meals - tourists."

"I love Danish food," Nancy said.

"I've never eaten it."

"Neither have I. But I love everything today."

As two hungry, healthy young people should, they ate with relish up to the salad course, but suddenly they were both aware of the time. It was after 9 o'clock. Soon their wedding day must end. Everything would end with it. The prospect was unbearable, heartbreaking. He would leave her at the "Hospital - Quiet Please" sign, and watch her scurry into the austerity of the nurses' dormitory. She would follow him, in the still reaches of her mind, into his room - once a pleasant haven, now in anticipation, a prison cell. Each must go home - and home was the hospital.

"Davey," Nancy whispered in quick panic, afraid of herself rather than doubtful of him. "You meant what you said on the pier the other night? About - not until you, I mean, we, had a place to go to . . ."

And so, faithful to the mad course of their love, in its impractical culmination in marriage, David and Nancy found themselves within the hour, in a spotless, friendly room on the second floor in "Copenhagen." The world closed out, these two closed in.

Seeks U. S. Aid  
PINE BLUFF, Ark. (AP)—The Pine Bluff Port Authority is seeking federal aid in development of a 115-acre industrial site along the Arkansas River and has asked for a public hearing to be called on the matter. The transcript would be sent to Sen. John L. McClellan, D-Ark. with a request that he ask the proper agency to direct the Army Engineers to make a feasibility study of the project. The area would be about three miles east of downtown Pine Bluff.

Marked changes in the hearing of men, he said, occur on the average in steps of about 15 years. In women, he added, the changes are more gradual, with deterioration fairly uniform.

## Bobcats Edged by Russellville in State Play

LITTLE ROCK (AP)—North Little Rock takes on Jonesboro at 7:30 p.m. and Paragould meets Russellville in semifinals of the Class AA-AAA boys state basketball tournament here tonight.

North Little Rock advanced to the semifinals by topping Benton 55-39 and Jonesboro made it by nicking Harrison 53-43 in afternoon games Thursday.

Paragould thrashed Conway 58-42 and Russellville beat Hope 48-44 in night games.

Benton fought North Little Rock to a 9-9 first quarter tie, but couldn't hold on and gave up a 21-17 halftime lead. North Little Rock put on steam in the third quarter to overpower the losers.

Ronnie Lemay led the Wildcats in scoring, picking up 14 of his 15 points in the last half. Calvin Jones was high for Benton with 11.

Jonesboro moved to a 28-17 half-time lead and never trailed afterwards, despite a full-court press maintained by Harrison throughout the game.

John Dickson of Jonesboro led all scorers with 16 points. Biggie Race hit 12 for Harrison.

Height spelled the difference for Paragould in its ouster of Conway from contention in the tourney. Conway played a slow, deliberate game, but wasn't able to gain the lead after an 8-9 first-quarter tie.

Gary Washington hit 15 points to lead the victors and Ronnie Robinson contributed 12 for Conway.

Russellville moved ahead early in the third quarter, but had difficulty holding Hope at bay.

There was a flurry of scoring in the last 50 seconds of the game with Russellville hitting for five points to three for Hope after a layup by Dan Jones put the victors ahead 43-41.

Ronnie South was high man for Russellville with 20 points and Earl Murphy paced Hope with 17.

## Tells Team to Start Winning

STOCKHOLM, Sweden (AP)—U.S. Coach Harry Cleverly today sent his team on the ice in the World Hockey Championships with these instructions:

"Get out and fight. Let's start winning now that it counts."

Cleverly, of Wellesley, Mass., placed his hopes on two defensemen added to the team earlier this week. They are Jack Kirrane, who captained the winning U.S. Olympic team in 1960, and Dick Michaud, another veteran of international play.

The U.S. team plays Finland, which lost to Russia 6-1 on opening day Thursday.

## Pine Bluff Plans a Civic Center

PINE BLUFF, Ark. (AP)—Pine Bluff City Atty. George Holmes said Thursday no further delays are expected in construction of a \$2 million civic center here, following passage of the deadline for the project.

The suit, filed by E. W. Hood, challenged the validity of the ordinance placing a bond issue to finance the center on the November general election ballot. The issue was approved. Deadline for appeal of the suit was Thursday night.

Chancellor Joseph Morrison of Stuttgart had rejected the lawsuit March 5.

## Perry's Team Wins Another

Perry's Independents turned back Arkinda 86 to 56 last night in the Winthrop tournament. Loe and Townsend were high for the locals with 18 points each, Brown tallied 14.

The local team plays Foreman tonight in the Independent meet.

## Larger Strike Zone to Be Unveiled

By MIKE RATNEY

Associated Press Sports Writer  
The expanded strike zone will be unveiled officially Saturday when major league baseball's 20 teams begin the exhibition season.

The world champion New York Yankees will try out the new strike zone at their Fort Lauderdale, Fla., home base against Baltimore while the National League champion San Francisco Giants play Cleveland at Tucson, Ariz.

The other teams get underway with these matchups: Cincinnati vs. Chicago White Sox, Washington vs. Los Angeles Dodgers, Kansas City vs. Milwaukee, New York Mets vs. St. Louis, Pittsburgh vs. Philadelphia, Boston vs. Chicago Cubs, Houston vs. Los Angeles Angels and Detroit vs. Minnesota.

The change in the strike zone lengthens the area but leaves untouched the width. That remains 17 inches—the width of home plate. But the zone has been lifted and lowered. Maximum height now extends to the top of the shoulders—or it may be the thorax—instead of the armpits. The low point has been moved from the top of the knee to the bottom.

According to National League Secretary Fred Pleig the top point may be the thorax to guard against the tilting of the front or rear shoulders by some hitters. The thorax is the throat depression beneath the larynx.

"How's the new zone going to effect play?"

"It will help the high fast ball pitchers," says Yankee Manager Ralph Houk.

"It should eventually increase batting average but it may cut down on homers," says former Yankee great Joe DiMaggio.

"It won't bother me either way," says Yankee player-coach Yogi Berra. "I have on strike zone."

While the strike zone presents the No. 1 headache as the clubs start the exhibition grind, four new managers will be trying to clear their heads of numerous problems and a host of players will be out to lick personal troubles.

Birdie Tebbetts, who has been around, will be handling the remains at Cleveland in place of Mel McGaha. Bobby Bragan will be back, this time at Milwaukee instead of Tebbetts, and Johnny Pesky at Boston and Eddie Lopat at Kansas City will be making their managerial debuts.

Bob Kennedy also will be on top for the first time—for a time at least—as No. 1 man on the Chicago Cubs board of coaches.

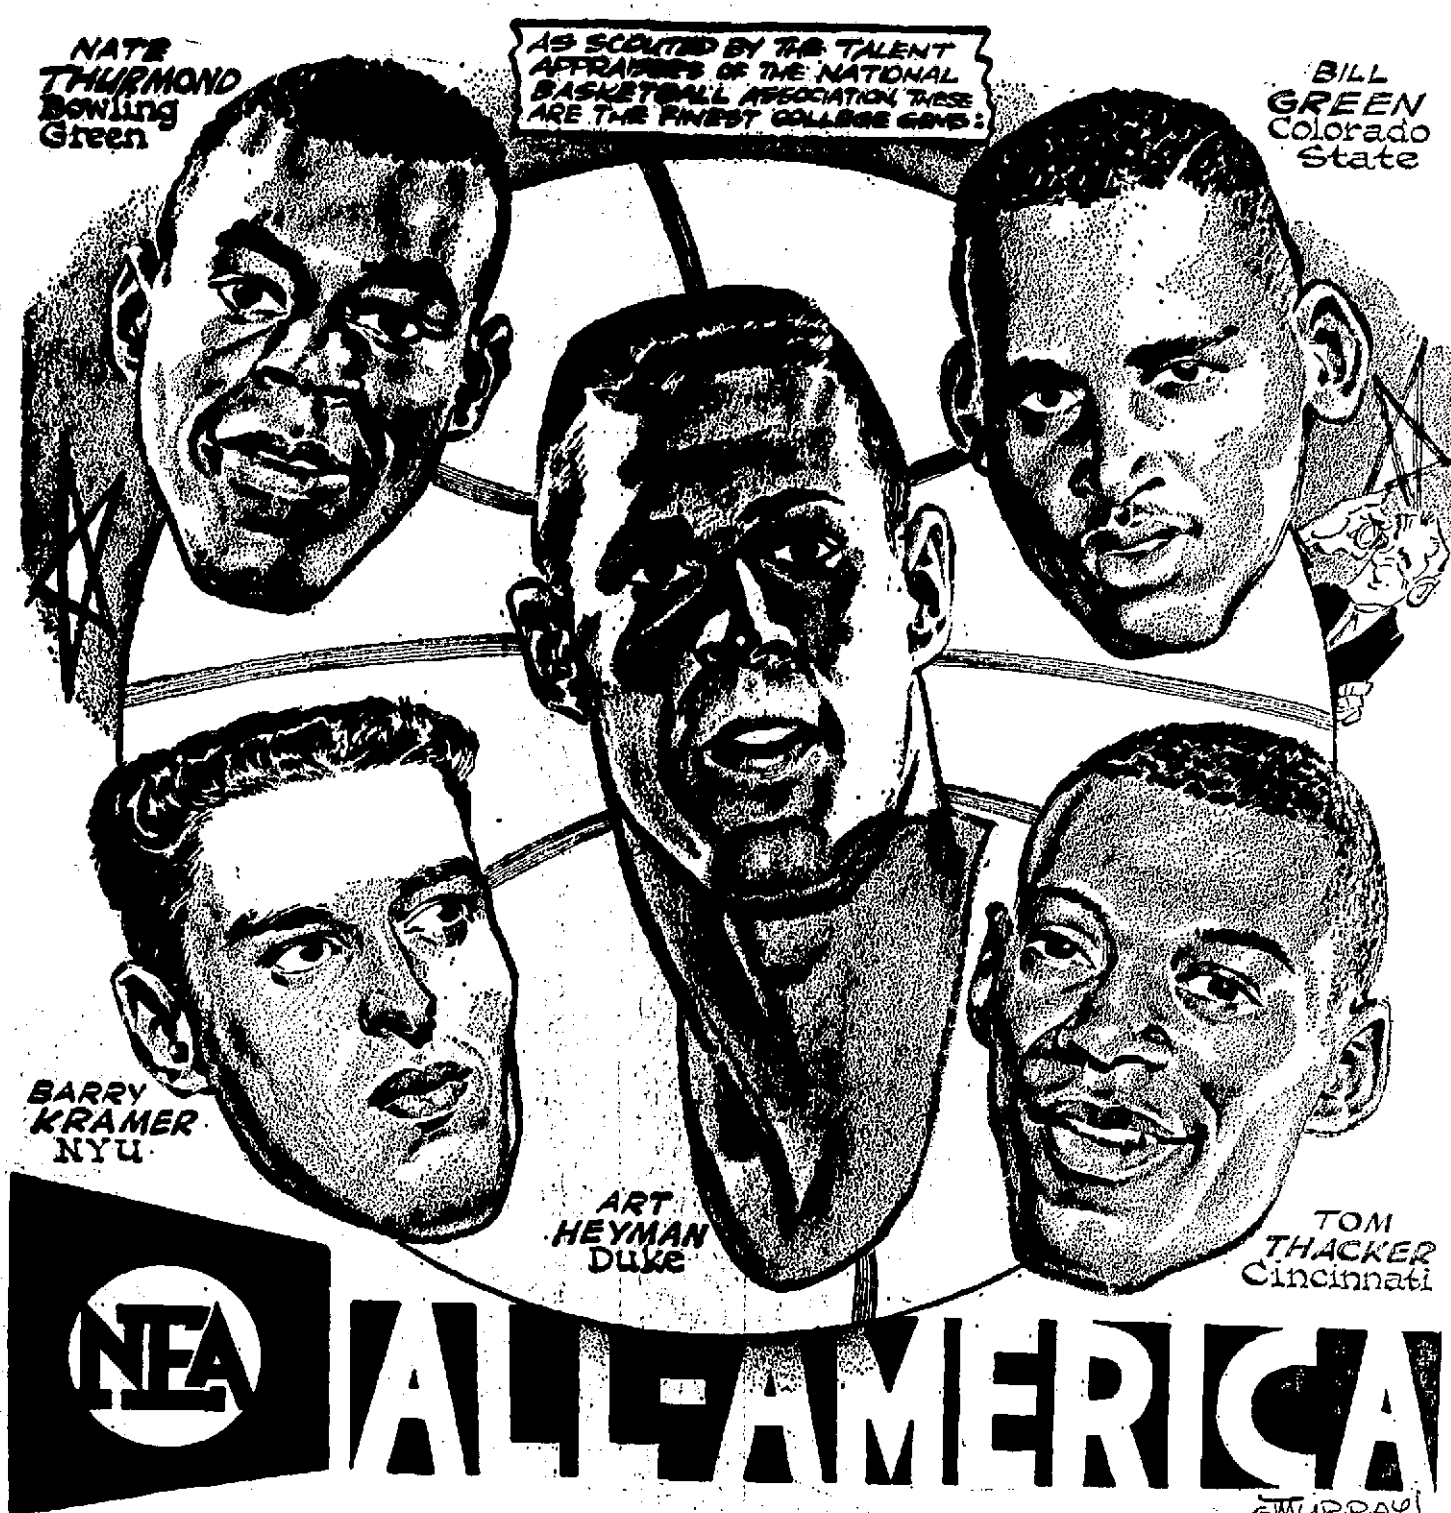

The exhibition tour will be the first test for players who sat out a part of the 1962 season with injuries. Included in are pitchers Sandy Koufax of the Dodgers, Frank Lary of Detroit and Bob Gibson of St. Louis.

Also awaiting the opening curtain are players such as Cincinnati's Gene Freese and the Cards' Minnie Minofo, trying to show they can come back, and a core of oldsters led by Stan Musial of St. Louis and Early Wynn of the White Sox, back to get victory No. 300.

tion, 1846, Philadelphia, stopped Clearance (Kaye) Alford, 164, Cleveland, Ohio, 3.

MIAMI, Fla. — Ernest Terrell, 204, Chicago, stopped Herb Siler, 198, Miami, 3.

MILWAUKEE—Gene Greshma, 137½, Detroit, outpointed Billy Bruggs, 138, Milwaukee, 10.

## Tax Charges Against Beck Dropped

TACOMA, Wash. (AP)—A federal judge has dismissed income tax evasion charges against Dave Beck Sr., former president of the Teamsters Union, and five others accused of conspiring with him.

"It would be a waste of public funds to carry prosecution further," U.S. Dist. Judge George H. Boldt said.

Beck, 68, is serving a five-year sentence at McNeil Island Federal Penitentiary near here. He was convicted in December 1957 of evading \$240,000 in income taxes for 1950-53 and two counts of filing false returns for the union.

The U.S. Circuit Court of Appeals set the tax evasion conviction aside in January 1962 on the question of taxability of embezzled money.

The tax evasion case was sent back for retrial, but Asst. U.S. Atty. Jack S. Obenour said Wednesday the government decided Monday against another trial because Beck is in prison on the false returns conviction. He will not be eligible for parole for about a year. He is serving a five-year sentence for filing false returns for the union.

Conspiracy charges were dropped against Nathan W. Shefferman, a labor consultant, and his son, Shelton, of Chicago.

## How Well Do You Know Memories?

By HAL BOYLE

NEW YORK (AP)—One of the best ways to measure a man's wealth in this world is by the treasure trove of his memories.

You're pretty well-to-do, nostalgically speaking, if you can remember when—

You sat on a curbstone at dusk, waiting for the lamplighter to come by, hoping he'd say "hello" to you.

Speeding Sunday bicyclists were a leading traffic hazard and were gravely denounced by newspaper editorial writers as "scorchers" and "road burners."

Nobody took a bath except on Saturday night unless he was going to the doctor for a thorough medical examination.

The height of a city kid's ambition was to live in an apartment building that had an elevator in it. It was a big thrill to go with your mother to a department store and ride on an escalator.

The other children called you "teacher's pet." If she gave you the coveted honor of taking the blackboard erasers outside during class and banging the chalk dust from them.

There was small nee for teenage baby sitters as most families had an elder member—grandma, grandpa, or both—who could stay home and take care of the small fry.

A sack of popcorn and a movie ticket were the same price—ten cents.

Only the town miser kept his front door locked at night.

When you went to the grocery store, the clerk always ground the coffee for you by hand in a big red machine—and the fresh aroma was unforgettable.

If you tried to give the postman a tip at Christmas, he felt insulted. The peak of male devilishness was to stand with a group of young fellows outside the corner drugstore and call out "Hey, you kid!" whenever a pretty girl passed by.

One of the landmarks of your life came the day you first learned how to whistle through your teeth loud and clear.

A girl who could bake and had learned to play "Love's Old Sweet Song" on the piano was regarded as ready for marriage.

The nation's most popular wonder drugs were epsom salts, mustard plasters and castor oil.

It was widely held that the advent of the five-day week would result in the moral ruin of the working class.

Remember?

the late Fred Verschuren S. Seattie, who was an accountant for

### Well Defended

NEW YORK (AP)—Rear Adm. Peter Corradi said Thursday the U.S. naval base at Guantanamo, Cuba, is better defended now than it ever has been.

Corradi, chief of the Navy's Bureau of Yards and Docks, told a convention of the Associated General Contractors that "800 workers have been working like mad since the Cuban crisis began."

## American May Win Ski Jump

ISHMEMING, Mich. (AP)—Unless experts miss their guess, spectators at the Olympic trials here Saturday and Sunday may be seeing the next—and also the first American—Olympic ski-jumping champion in action.

No American ever has finished better than fourth in ski jumping.

The rider held most likely to bring home his country's first gold, or maybe silver or bronze medal from next year's Winter Games at Innsbruck, Austria, is 22-year-old John Belfanz of Minneapolis.

During a nine-week tour competing in European tournaments this winter he beat Europe's best in two tournaments, at Mulbach, Austria, and Kouvola, Finland.

## 3 Strokes Separate the Top 33

PENSACOLA, Fla. (AP)—Only three strokes separate the top 33 golfers as the Pensacola Open Golf Tournament enters its second round today.

Four pros are bunched in the lead with 67s, seven at 68, and 13 at 69. Nine more are grouped at 70.

Leading the pack at the end of the first round were Gary Player, defending champion Doug Sanders, Julius Boros and an 18-year-old unknown, Allan Henning of Johannesburg, South Africa.

Henning, whose 67 was the best of his career in competitive play, is playing only by virtue of a sponsor's exemption.

Player, Sanders and Henning fired identical cards of 32-35—67 while Boros carded 33-34—67 over the par 36-36—72, 6,380-yard Pensacola Country Club course.

Player is the leading money winner on the winter tour with earnings of \$20,402.

Pushing the leaders at 68 were such regulars as Gay Brewer Jr., Gardner Dickinson Jr., Johnny Pott, Jim Ferrier and George Beyer.

Among those with 69s were Arnold Palmer, Bo Wingler, Don Massengale and Harold Kneece.

Horse racing and bear hunting were popular sports in pioneer Arkansas.

## Titles, NCAA Berths Up for Grabs Tonight

By BOB GREEN

Associated Press Sports Writer

Conference basketball championships and NCAA tournament berths go up for grabs on neutral courts tonight in one-game playoffs involving the leaders in the Ivy League and Ohio Valley Conference while still a third title—the Big Six—could be decided.

Princeton and Yale, locked for the Ivy lead with 11-3 records and the regular season completed, meet in the neutral Fordham gym in New York. Morehead and Tennessee Tech finished the Ohio Valley Conference schedule with identical 8-4 records and meet at Bowling Green, Ky.

The winner in each game goes into NCAA first round tourney play, the Ivy champ against St. Joseph's, Pa., and the Ohio Valley boss against Chicago Loyola.

The other one, the Big Six, is much more complicated. It could be simple if Stanford wins at UCLA. That would settle it. The Indians lead with a 7-3 record with two games to go, the Bruins tonight and Southern Cal Saturday.

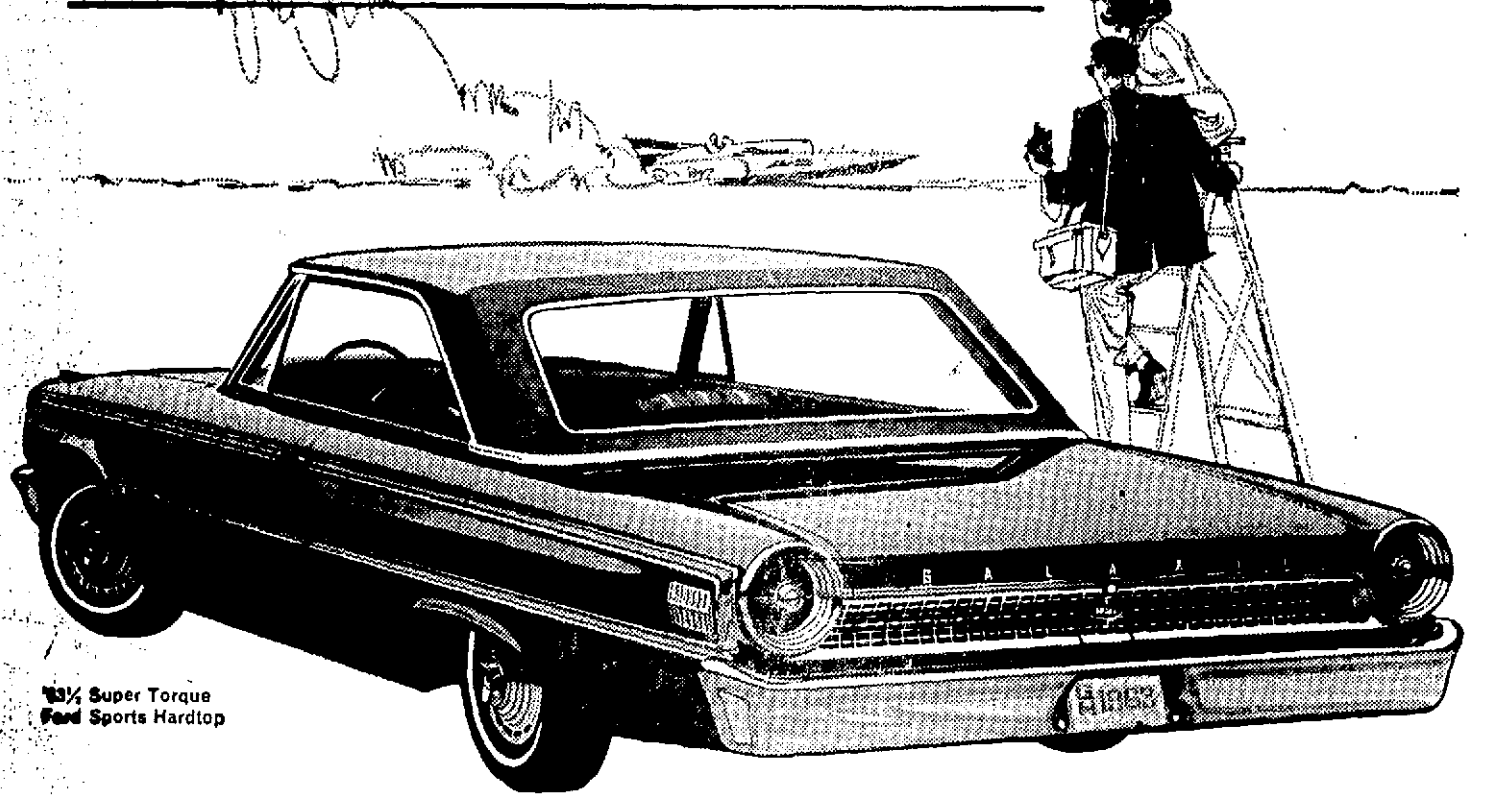

UCLA, 5-5 with two to go, still has a chance, however. The Bruins also have two games, closing against California Saturday. Should UCLA win its two at home and Stanford lose its two road games the race ends in a tie with a playoff scheduled Tuesday at Santa Monica.

The three other NCAA spots will be decided Saturday. They go to the winners in the Big Ten, the Big Eight and the WCAC.

Two NCAA entrants and a couple of NIT teams warmed up for tourney action with Thursday victories. NCAA-bound New York University beat St. John's of New York 56-47, and Fordham, heading for the NIT, edged Manhattan 66-61 in a Madison Square Garden doubleheader.

Yankee Conference champion Connecticut, another NCAA entrant, scored a 92-74 rout at Syracuse while NIT-bound Providence scored its 12th straight victory in an 80-57 out of Brown.
